## **ABOUT THE INSTITUTE**

Ramco Institute of Technology is founded with a vision to impart high quality engineering education at an affordable cost. Under the able guidance of our Founder Chairman Shri P. R. Ramasubramaneya Rajha, son of Shri P. A. C Ramasamy Raja and our present Chairman Shri. P. R. Venketrama Raja, distinguished professionals, academicians and education experts, we continually aim to revolutionize the learning environment by creating an enviable knowledge pool of engineering and technology graduates who are attuned to the current industry requirements. Being part of the Ramco Group, which is well known for its quality and innovative brands not only in India but across the world, we are looked upon to set high standards in the education sector. True to its legacy, RIT has embarked on a mission to empower students with high-quality, accessible yet world-class engineering education and prepare these young minds for lifelong learning by creating and disseminating appropriate knowledge.

## **ABOUT THE DEPARTMENT**

The Department of CSE started in the year of April 2013 with a vision to become a Centre of Excellence by making the students to compete and adapt to the changing pace of the industries. The Department strives with an outlined vision in producing socially responsible and employable engineers. It has a team of well qualified and highly experienced faculty members and technical staff who deliver their skills to the students through 360° teaching-learning environment which includes Video Tutorials from NPTEL. The faculty members impart knowledge through curriculum based formal education and industry focused informal education which enhances the aptitude and reasoning skills of the students to make them readily employable.

## **OBJECTIVE OF THE PROGRAMME**

The objective of this Faculty Development Training Programme is to improve the skills on Software Testing like Black-Box Testing, White-Box Testing and various stages of testing and Model-Driven Test Design with Hands on experience on executing the test cases for any application using Selenium tool, and integrating TestNG.
