CONTROLLER OF EXAMINATIONS
Lr.No.002/COE/DCOE-DE/2021/CGPA/953618114029

Date: 20.11.2021

TO WHOMSOEVER IT MAY CONCERN

Anna University Chennai has introduced the Credit System of Evaluation for non-autonomous affiliated Colleges awarding Letter Grades for U.G., / P.G., Programmes since 2008. Subsequently under the Regulations 2017 (Choice Based Credit System); the students are given a statement of grades at the end of each semester, containing the following letter Grades with the Credit points as indicated.

O = 10, A+ = 9, A = 8, B+ = 7, B = 6.

If a student fails in a course, he/she is awarded 'U' grade and in case of incompleteness of a course, a letter Grade 'I' is awarded (U & I grades do not carry any Credit points). The GPA (Grade Point Average) for each semester is calculated according to the grades and the credits earned by the student in that particular semester. Also the CGPA (Cumulative Grade Point Average) at the end of each semester is calculated by taking into account the Grades and the Credits earned by the students in the courses up to that semester.

The Final CGPA (Cumulative Grade Point Average) is calculated at the end of the programme taking into account the Grades and the credits earned by the students in all the courses of the Degree Programme in all semesters. The overall performance of the student is indicated by the CGPA on a 10-point scale. The performance in mark system is obtained by the formula in which the overall CGPA shall be multiplied by 10.

Percentage of Marks = CGPA X 10.

Mr./Ms. Jayakumar M Reg. No. 953618114029 studied B.E.,(Mechanical Engineering) Degree Programme at Ramco Institute of Technology, Tamil Nadu, India affiliated to Anna University, Chennai and the percentage of marks earned by the candidate shall be calculated using the above formula up to **Fourth Semester** as per his/her request.

TO WHOMSOEVER IT MAY CONCERN

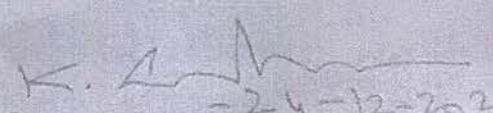

Anna University has introduced the Credit System of Evaluation awarding Letter Grades and Continuous Assessment since 2008 for the various Degree Programmes offered at Affiliated Colleges. Under these Regulations, the students are given a Grade Card at the end of each Semester, containing the following letter Grades;

S = 10, A = 9, B = 8, C = 7, D = 6, E = 5.

If a student fails in a course, he/she is awarded 'U' grade and in case of a course is incomplete, a letter Grade 'I' is awarded (U & I grades do not carry any Credit points). The GPA (Grade Point Average) for each semester is calculated according to the grades and the credits earned by the student in that particular semester. Also the CGPA (Cumulative Grade Point Average) at the end of each semester is calculated by taking into account the Grades and the Credits earned by the student in the courses up to that semester.

The Final CGPA (Cumulative Grade Point Average) is calculated at the end of the programme taking into account the Grades and the credits earned by the student in all the courses of the Degree Programme in all semesters. The overall performance of the student is indicated by the CGPA on a 10-point scale. To get the performance in mark system, the overall CGPA shall be multiplied by 10.

Mr./Ms. Naveen Kumar S Reg.No. 953616114055 completed his/her B.E., (Mechanical Engineering) degree programme at Ramco Institute of Technology, Tamilnadu, India, Affiliated to Anna University, Chennai in April 2020 and obtained the CGPA of 6.81 and this indicates the overall performance of 68.10% in this degree programme.
