The Department of Mechanical Engineering, in collaboration with the Institution of Engineers (India) Mechanical Chapter, conducted a two-day hybrid event on “Poster Presentation” during 14th and 15th May 2025. The event was organized for 63 final-year Mechanical Engineering students, providing them a platform to showcase their technical knowledge and research work through visually compelling posters.

The event featured distinguished guests who contributed to its success. On 14th May, Dr. L. Vijayaraghavan, Adjunct Faculty in Mechanical Engineering, joined the session online to address and motivate the students. His expertise and virtual interaction enriched the event by connecting academia with modern digital practices. Onsite, Dr. L. Ganesan, Principal of RIT, graced the occasion as an offline guest, offering valuable insights on effective communication and the importance of clear visual presentation in engineering disciplines.

Mr. S. Valai Ganesh, Assistant Professor (Senior Grade) in Mechanical Engineering, acted as the resource person. He facilitated the event by guiding students on poster design, content organization, and presentation skills. His mentoring ensured that participants were well-prepared to explain their technical concepts confidently.

The student coordination was managed by Mr. B. Shanmugapandi, a second-year Mechanical student, who played a key role in the smooth conduct of both online and offline sessions.

The hybrid mode of the event successfully blended traditional and virtual participation, encouraging dynamic interaction. It was well received by students and faculty alike, enhancing students’ abilities to

communicate complex ideas effectively through posters.
