Speakers: Nil

Report

(maximum 250 words)

The Department of Mechanical Engineering, in association with the Institution of Engineers (India) [IE(I)] Mechanical Chapter, successfully organized the "Technical Quiz" on September 6, 2024. The event saw the enthusiastic participation of 13 students from the Mechanical Engineering Department, eager to showcase their technical knowledge and problem-solving skills.

The quiz covered a wide range of mechanical engineering topics, encouraging students to deepen their understanding of core concepts. Questions spanned subjects such as thermodynamics, manufacturing processes, strength of materials, and more, ensuring a comprehensive challenge for all participants.

Mr. S. Valai Ganesh, Assistant Professor (Senior Grade) from the Mechanical Engineering Department, served as the faculty coordinator, offering guidance and support throughout the event. His efforts helped ensure the smooth execution of the quiz and provided a platform for students to engage in competitive learning.

Ms. P. Lisha Bharathi, a second-year Mechanical Engineering student, took on the role of student coordinator. Her involvement in organizing the event, coordinating participants, and overseeing the quiz rounds contributed to its overall success.

The "Technical Quiz" provided students with a valuable opportunity to test their knowledge, engage in healthy competition, and foster collaborative learning. The event concluded on a positive note, with participants gaining deeper insights into mechanical engineering concepts while sharpening their critical thinking skills.
