### 13. Objective of the Programme:

The objective of the Library Exit Password Game, conducted as part of the Libraries Remember Day celebration, was to promote library awareness, enhance logical thinking, and encourage students to explore and appreciate library-related terminology and resources through an engaging and educational puzzle game.

## **14. Outcome of the Programme:**

Encouraged active participation from various departments, promoting teamwork and critical thinking. Fostered a deeper appreciation for library resources through a fun and interactive format. Strengthened collaboration between student clubs and the library, enhancing campus academic culture.

## **15. Detail description of the activity:**

The welcome speech was given by Dr.N.Karthikeyan, Head of the Physics Department, representing the Rotaract Club. The event was conducted by Mechanizo members inside the library. The Mechanizo members organized the event in collaboration with the Rotaract Club of RIT and the Librarian, Mr.R. Chandran

### **Activity Flow:**

#### **1.Puzzle Worksheet Distribution:**

Each team of two students received a printed puzzle sheet containing a set of scrambled words related to books. Participants had to unscramble the words correctly to reveal clues.

#### **2. Decoding the Final Password:**

Some letters from each solved word were highlighted to form a final password when arranged correctly. The password turned out to be the title of a specific book available in the library.

#### **3.Book Hunt Challenge:**

After decoding the correct book title, students began a physical search inside the library. They navigated through various book sections, scanned the shelves carefully, identified the subject area, and matched the book titles to locate the exact one they had solved.

This part of the activity encouraged them to explore the library layout, understand how books are organized by subject and author name, and engage in hands-on learning within the library space.
